

ALL ABOARD for a unique educational experience!

Travel back in time and learn about the people and events that make the Waihi area's history so unique.

With its links to the local Mining Industry dating back as far as 1905, Goldfields Railway offers a unique educational experience for your students to learn about the area's history and its legacy in the 21st Century.

Along with a visit to Waihi Station, the only ex-NZR site in New Zealand that still contains its original buildings, your students and staff can travel along the remaining 6.5 km of what was the original Eastern Main Trunk Line to our terminus at Waikino.

From Waikino, it is possible to visit the Victoria Stamper Battery – once the world's largest – and the Hauraki Rail Trail.

In addition, a wide range of attractions is available in the local area.

We are happy to assist in liaising with our colleagues in these other organisations to make your visit to Waihi a fun, memorable and educational experience.

Early Education & Primary Schools:

We can offer a customised educational programme to suit your students ages and interests.

Secondary Schools:

Goldfields Railway is an ideal place for your students to enhance their studies in Infrastructure, Transportation, Engineering or History.
