These Samosas are the best around – please spread the word to your neighbours, friends, family and work colleagues!

They are made fresh on the morning we pick up the order from Auckland and are freezable. They will be pre-cooked – just heat in the oven or microwave and enjoy! Most are spicy! Butter chicken is the mild one.

The entire order will be collected fresh from Auckland on the 25th June & brought back to the school where the Fundraising team will meet after school to package them into bags of 10 as per our orders. Each fundraising team member will be responsible for delivering their orders that afternoon or for freezing them for pickup or delivery as per your arrangement with them.

Size: put your two pointer fingertips together and your two thumbs together (small hands) and make a triangle that is about the size of each samosa, give or take as they are all made by hand.
